## Seamless Midweights

(SEAMLESSMIDWEIGHT) **From: \$49.99**  
**To: \$109.98**

**Price as configured:**  
**\$0.00**

The most versatile base layer available, ideal for maintaining comfort in changing conditions and temperatures. Superfine micron Merino wool retains heat when it's cold, cools when it's warm, wicks moisture and resists odor, and is lightweight and non-binding. All that natural performance is enhanced by scent-inhibiting S3® technology and 4 Direction Stretch™, for the highest-performing second skin you can wear. In stable conditions when wicking is a priority, the seamless base layer provides exceptional performance with minimal weight.

- Seamless Shirt
  - Wicks moisture resists odor and is lightweight and body-hugging without binding.
  - Seamless construction for added comfort in high friction areas
  - Spandex added for additional Stretch and comfort
  - System Layer 1

### ScentBlocker's 4 types of Baselay...

## Reviews

**4 Direction Stretch™** Provides superior comfort, fit and freedom of movement. The inherent multi-directional stretch of the fabric allows you to perform the movements needed to hunt while not worrying about your garment binding or restricting you.

**Micro-Wick™ Technology** Contains a unique moisture wicking element to disperse moisture away from the skin to keep you dry and better regulate temperatures and enhance comfort.

**S3™ Silver Anti-Microbial Technology** S3 products utilize antimicrobial technology which helps to inhibit the growth of odor causing bacteria. S3 keeps the garment smelling fresher longer.
